COMPENSATION OVERVIEW

TEAMPROFITBUILDER

Welcome to our Platform

Team Profit Builder has been years in the making. We offer a unique 2x25 team and subscription forced matrix.

Our subscription is a one time fee of just 10 XRP, which is less than \$7 at the time of our launch. You will receive banner, text and login ad credits plus a new position into the matrix every 3 days for 100 days. When you sign up you will receive a free position into the 2x25 under your sponsor.

Each time you receive a new position you will follow your original position that was given to you when you started. This allows you to help your sponsor, your own positions as well as your downline via spillover.

We have everything to help you succeed.

Earning 500k XRP in 25 weeks!

So your goal is to introduce just two people who each purchase at least 1 subscription in your first week at TPB.

Then help them do the same. All it takes is just two people in everyones first week.

Then in 25 weeks, you will have completed the 2x25 Matrix. But wait, that's not all we have in store. Remember you are setting up a 100 pack subscription that will spread your positions out over 300 days.

If someone doesn't produce two people in their first week, you still have more positions coming into plan because of your subscription as well as your sponsor and referrals subscription to help fill the gaps.

Advertising

You will receive advertising for each subscription you purchase plus more advertising each day your subscription renews.
